

# Little Gift Box

Make a little gift box for Easter using materials gathered from Play Resource.

## You will need:

Packaging Card  
Cotton Fabric  
Cotton binding  
Stampers  
Paint Brushes  
Ready Mixed Paint  
Fabric Paint  
Masking Tape  
Scissors  
Stampers

1. Use the template on the next page to cut out all the parts needed to make the gift box.
3. Cut slits along one side of both strips and bend the tabs lightly to 90° angle.
5. Follow the same process joining strip B to oval B to make the base. Give the base a coat of paint to match the printed fabric.

2. Decorate a small piece of cotton using fabric paint and stampers. Once the paint is dry draw an oval shape using template A. Cut the fabric about 2cm bigger than the outline.

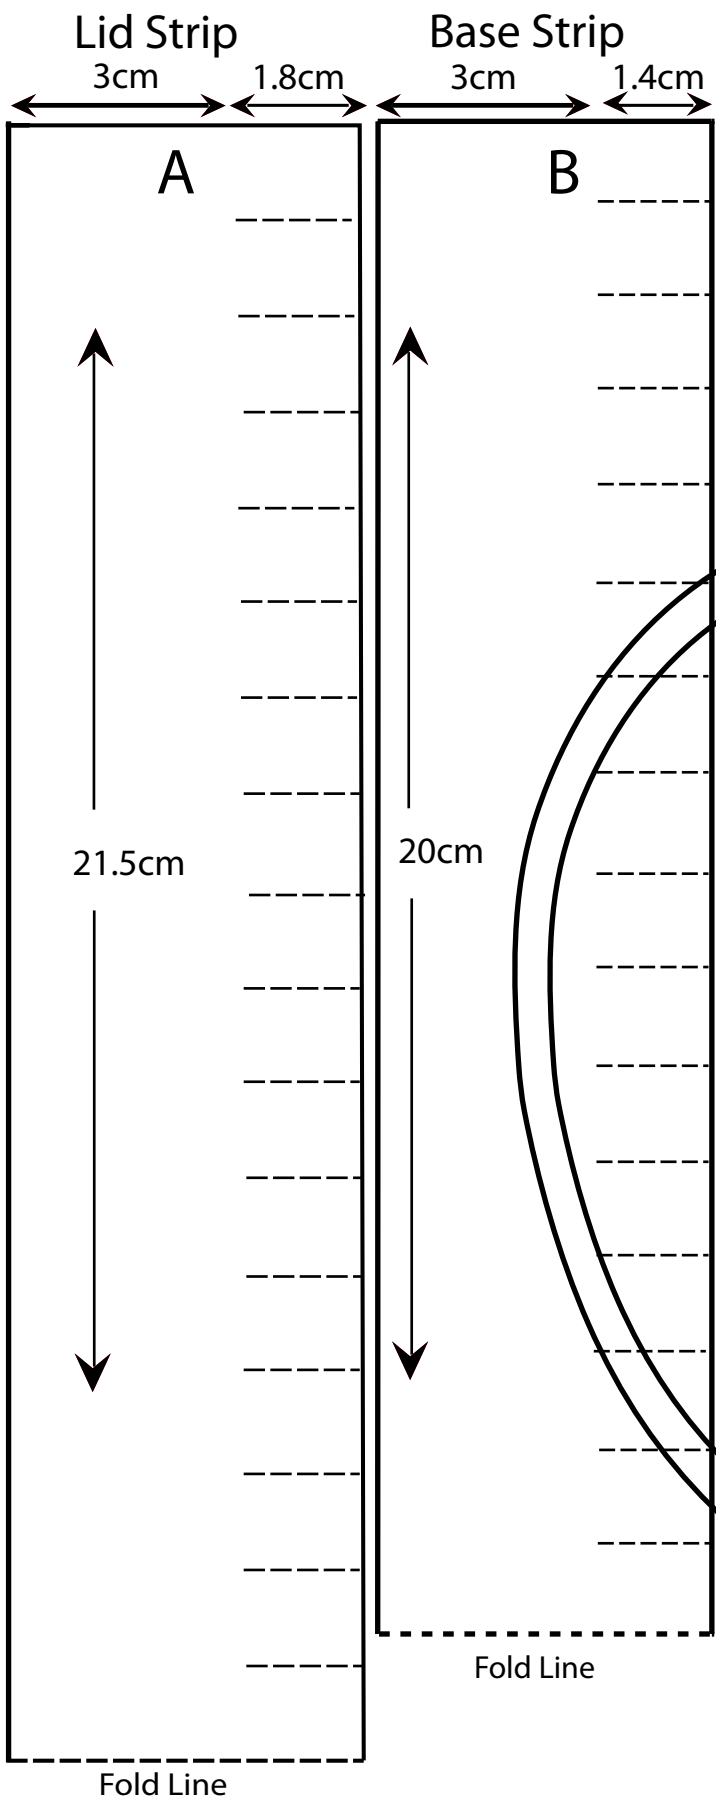

4. Join strip A to lid - oval A using masking tape.

6. Apply a coat of PVA to the lid before covering it with the fabric. Trim the sides of the lid with a strip of fabric about 3cm wide. Line the box with tissue before adding your gift!

# Template for Egg Box

Use the pattern below to make a template for the egg box.

Cut out two ovals - A for the lid and B for the base.

From a folded strip of packaging card cut out the base strip B and lid strip A.
