

Scrap Store Materials List '10

Etiquette for Collecting...

- You can make as many visits as you like
- You can collect an unlimited quantity of materials - within reason!
- To keep safe when collecting please do not overload the trolley, take 2 trolleys if necessary!
- Some items in short supply may have a limit per group placed on them to ensure they are shared around - but if a limit is not adequate for your needs please talk to the warehouse team
- Help the environment...think before you take a plastic bag... Recycle and use your own carrier bags or use the cardboard boxes available
- To assist our staff please keep your free scrap and Art & Craft Shop materials separate when visiting
- If you are looking for something in particular and you can't see it...then please ask the warehouse team who are always happy to help.

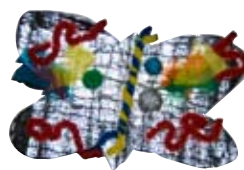

Enjoy the treasure trove at Play Resource..... happy shopping and collecting!
