

'Create...Bird Marionette'

You will need:

- **Feathers**
- **Wooden Skewers**
- **Funky Foam**
- **Wooden Beads**
- **Sharp Pencil**
- **Double Sided Tape**
- **Cord / Clothesline**
- **Copydex Glue**
- **Tinsel / Feather Boa**
- **70mm Poly ball**
- **50mm Poly ball**

Instructions:

1. Glue skewers together in an X. For feet cut 2 10cm circles from yellow foam, then cut a wedge in each. Poke hole right through centre of large poly ball with pencil + also make 2cm deep hole in both balls.
2. For legs, cut a 40cm piece of cord, wrap one end with tape + thread right through large ball. Make sure legs are even then glue bead + funky foam foot to ends of cord. Add glue to remaining holes and insert 15cm cord into holes, allow glue to dry.
3. Cover large ball with double sided tape and wrap tinsel around body. Glue google eyes to head + funky foam triangle for beak. Dot the ends of feathers with glue and press into the head + also into body for a tail.
