

'Create...Bottle Top Fairy Lights'

You will need:

- **Glass Paint**
- **Funky Foam**
- **Masking Tape**
- **Plastic Bottles**
- **Permanent Markers**
- **Craft Wire**
- **Fairy lights**

Instructions:

1. Cut top section from plastic drinks bottle at the first ridge on bottle.
2. Use marker to draw petal shapes around the edge then cut them out using scissors. Paint outside of flower with glass paint.
3. Cut a small rectangle of funky foam approx 20cm by 4cm. Cut slits along it to create a fringed effect for leaves. Wrap funky foam around bottle neck and then masking tape around to secure.
4. Cut 2 lengths of wire 20cm long and wind around mouth of bottle. Place each flower over a bulb + twist free ends of wire to secure.
