Quick Idea Cards

'Create...Halloween Spooky Tree'

You will need:

- **Card**
- **Pva glue**
- **Funky Foam, various colours**
- **Google eyes**

1. Draw and cut your preferred shape of tree from the card. At the base of the tree cut a 1inch slot in the middle so that you can insert another piece of card in to make the stand for the tree.
2. Draw and cut ghosts and bats etc from the funky foam, glue google eyes onto each of them and attach your spooky characters to the tree with pva glue.
3. You can draw or paint eyes onto the tree to give it a creepy look !!
