

## 'Lollystick Birdhouse'

### You will need:

- **Plain card**
- **Funky foam**
- **Poster paint**
- **Google eyes**
- **Double sided tape**
- **Pom poms for bird**
- **Lollysticks**
- **Felt tip pens**

### Instructions:

1. Draw and cut out the inner house from card (a simple tent shape will do). Use double sided tape on the tabs to attach into tent shape.
2. Cover 3 sides with double sided tape and attach the lollysticks in your preferred colour pattern. Paint if plain lollysticks are used.
3. Glue a small pompom to a large one. Stick google eyes onto small pom pom and also a small triangle made from funky foam, for the beak.
4. Attach the bird inside the birdhouse with double sided tape. Finally, decorate your birdhouse with sequins, and felt tip pens!
