

'Create...Paper Plate Frog'

You will need:

- **Large paper plate**
- **Google eyes**
- **Green poster paint**
- **Bottle tops (scrapstore)**
- **Green funky foam**
- **Red funky foam**
- **PVA glue**

Instructions:

1. Paint the paper plate green. Make a tongue from red funky foam and glue the inside. Glue the folded plate together.
2. Cut out four legs (don't forget the feet!) from green funky foam and attach to the back of the plate with double sided tape.
3. Glue on two bottle tops for the eye sockets and stick in two google eyes in the middle of them. The bottle tops are FREE from our scrapstore.
