

### 'Easy Poly Cup Marionette'

#### You will need:

- **Poly Cups x 3**
- **String**
- **30mm Poly Ball**
- **Google eyes**
- **Wooden Skewer**
- **Glue**
- **Red Paint**

#### Instructions:

1. Tie one end of each string to a skewer (cut pointed end of first). Make two holes either side, near top of head Poly Cup, thread through strings + knot. Poke 2 small holes through the base of head Poly Cup.
2. Knot one end of each remaining two strings + pass through from inside of cup. Make one hole in each of the feet Poly Cups + attach feet cups to head cup with the strings.
3. Cut 30mm polyball in half for nose, paint it, then glue on. Add eyes.
